Are you experiencing any of the following?

- Difficulty communicating with Japanese colleagues?
- Misunderstandings and delays that result from less-than-ideal communication?
- Difficulty knowing how to act with Japanese, what will be considered positive or negative?
- Difficulty knowing what Japanese managers expect, and what kind of work or behaviors will be perceived positively?
- Difficulty figuring out how to define your role in a Japanese organization?
- Concern about how to become accepted as an "insider" in the organization?
- Concern about how to create a fulfilling career in a Japanese company if one is not Japanese?
